- Sixth: One of the visual depictions the defendant possessed depicted a prepubescent minor engaged in sexually explicit conduct.

STIPULATION OF FACTS:

1. On or about February 14, 2017, in the Fort Worth Division of the Northern District of Texas, defendant Jordan Lee Bell knowingly possessed matter that contains any visual depiction, which was produced using materials which had been mailed and shipped and transported using any means and facility of interstate and foreign commerce, including by computer, and the production of such visual depiction involved the use of a prepubescent minor engaging in sexually explicit conduct, and such visual depiction was of such conduct. Specifically, Bell possessed one Kingwin desktop computer, bearing serial number 006216209707, containing files visually depicting minors, to include prepubescent minors, engaged in sexually explicit conduct and the lascivious exhibition of the genitals and pubic area of said minor, as defined in 18 U.S.C. § 2256, to include the following:

File Name	File Description
557489.mp4	A video of a nude female toddler and a nude adult couple. During the video, the adult male attempts to engage in anal intercourse with the toddler.
0525.mp4	A video of a prepubescent male child who is approximately 5 to 7 years old. During the video, the child performs oral sex on an adult male.

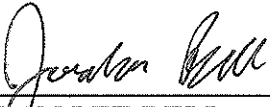

2. On February 14, 2017, agents from Homeland Security Investigations (HSI) executed a search warrant at Bell's residence. The officers collected evidence, including various electronic devices found at the residence. Among the items seized was one Kingwin desktop computer, bearing serial number 006216209707.

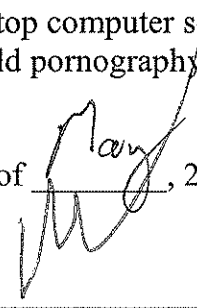

3. A forensic review of the desktop computer revealed the presence of the video files described in paragraph one. Bell knew that the files depicted real minors, to include prepubescent minors, and that the minors were engaged in sexually explicit conduct. Bell acknowledges that he used file-sharing software to download child pornography.

4. Bell stipulates to and agrees that Kingwin computer towers are manufactured and assembled outside of the State of Texas. The Kingwin desktop computer identified in paragraph 1 bears a sticker stating "Made in China". Bell agrees that the Kingwin desktop computer he possessed that contained the previously described visual depictions was manufactured outside the state of Texas, and was, accordingly, mailed, shipped or transported in or affecting interstate and foreign commerce.

5. Bell agrees that he used the Kingwin desktop computer set forth in paragraph 1 to facilitate the offense of possession of child pornography.

SIGNED and AGREED to on this the 30th day of May, 2017.
